## Master Lock introduces colored padlocks to satisfy sites security requirements

The 6121 ProSeries® Weather Tough® padlocks are available in 6 new vibrant colors including Red, Green, Yellow, Blue, Orange and White. Colors allows to customize padlock system in facilities where each work site, location, department, employee or rank can be assigned to one color.

The 6121 ProSeries® Weather Tough® padlocks perform perfectly in harsh outdoor conditions thanks to heavy steel body with exclusive Weather Tough padlock cover, dual ball locking mechanism and a hardened boron alloy shackle.

Custom keying and enhanced security options makes it even more convenient for sites that need specific needs. Choose from KA (Keyed Alike), KD (Keyed Different) or MK (Master Keyed) key system, customize your padlocks with name, logo or key number with lazer engraving capabilities and take advantages of the Edge® Key Control for ultimate control of your security system and prevent unauthorized duplication of keys.

### About Master Lock®

Master Lock was founded in 1921 and is the world's largest manufacturer of padlocks. The company caters for a wide variety of markets and has been responsible for numerous innovations, including the invention of the laminated steel padlock. Information on the comprehensive Master Lock range of specialist LOTO equipment is also available at <http://www.materlock.eu>
