

# CHEST AND FILE SAFES

Locate your Model Code to determine your Model Number.

## MODEL CODE vs. MODEL NUMBER

Some SentrySafe® Chest and File Safes are marked with a Model Code identifier. Each of the various Model Codes found on these products corresponds to a unique Model Number. Use the chart below to match your Model Code to its appropriate Model Number.

## MODEL CODE LOCATION

Turn the safe upside down to find the model code embossed in the bottom.

CODE	MODEL NUMBER
